Voices From The Community

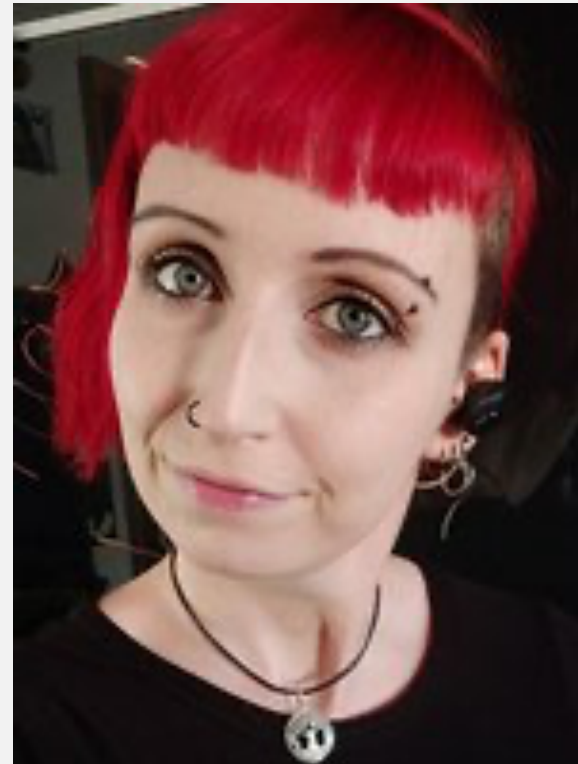

- „It was a very unpleasant moment and I just wanted to forget it.“
- „As a newcomer I did not feel entitled to use the tools and mechanisms in place.“
- „It was unclear to me what reporting would mean in terms of exposure, next steps and to what extent I had to share what happened ...“
- „I wasn't sure if I will make a report. But the moment you start considering it, don't hesitate to report it ...“
- „Maybe because I studied at a university where there were only a few women and a vast majority of men, and I am quite used to some jokes, it didn't even cross my mind to report it.“
